Hospitality Work Placement at Armidale Bowling Club for Year 12 students is an experience. Their happy smiles tell it all. They are experiencing the world of hospitality with multicultural chefs and many staff.

Mrs Belinda Brosnan
Careers Advisor
Lunchbox fillers

Searching for some inspiration for creative, easy lunch ideas for your children? Below are a few ideas:

- Homemade vegetable muffins
- Turkey, lettuce, cream cheese and cranberry sauce
- Chicken, lettuce, cheese, tomato and mayo
- Tuna, cucumber and cottage cheese
- Boiled egg, lettuce and mayo
- Homemade left over fried rice with ham and vegetables
- Homemade left over vegetable pasta
- Salad wrap with cream cheese
- Cheese, tomato and avocado crackers
- Cheese and vegemite
- Salmon, Spanish onion, alfalfa and lettuce
- Chicken and rice noodle salad
- Left over lamb and couscous salad

Making lunches the night before can often alleviate some of the stress of the morning rush. Writing a shopping list before hitting the shops can help ensure you have purchased everything you need for the week. Giving your child some choice in what they have each day may help reduce wastage.

Mrs Virginia Hunt
Teacher Librarian

Library Lessons for students in K/1/2 and Year 3-6 are every Friday and this is when borrowing takes place. It would be appreciated if students could provide a bag to transport their library books to and from school.

Students are responsible for the books they borrow. If a book gets damaged, please return it anyway. If a book is misplaced or lost, please inform Library staff. Students need to return their books before they can borrow another one.

This term we have commenced Library Lessons for Primary Students, with the intention of encouraging them to read ‘good’ books as well as developing an understanding of the organisation of Libraries.

Already, many of the students have started to devour some amazing books and it is great to have students approach me in the playground requesting another book because they have finished theirs and want more to read. One of the school’s most avid readers is Felicity, who has won the ‘Reading in May’ competition. Felicity will receive a gift voucher to spend on Book Club.

HOSPITAL VISIT

Over the past two weeks Preschool has been lucky enough to have some big 4/5/6 students pays us a visit. They have been demonstrating their awesome reading skills by “buddying up” with a Preschool child and exploring a range of exciting picture books. Preschool love their new friends from the big school.

Miss Bec and Miss Lucy

Preschool

STAGE 4 SCIENCE

Today Stage 4 dissected green prawns to observe the internal structures of Invertebrates. Although it took a while to get past the smell the students had good fun and were able to identify the exoskeleton, digestive system, heart and spinal cord. We will finish our classification unit looking at plant structures before moving on to astronomy next term.

Miss Kimberly Smith
Science Teacher
Dear Parents, Caregivers and Community Members,

NAIDOC Celebrations will be held on Wednesday 24 June, 2015. Mungindi Central School would like to extend an invitation for you to attend events. Please see the timetable below.

All foods are subject to availability. **We are always looking for people to help in the canteen**, or if you wish to donate fruit, that would be fantastic. Many hands make light work.
Welcome everyone to Week Nine of Term Two. A few weeks ago saw all students take part in a Sustainability Outreach workshop run by the combined powers of three Environmental Education Centres from various locations. Red Hill, Warrumbungle’s, Wambangalang and The Royal Botanic Gardens and Domain Trust all sent staff to conduct this workshop. From all accounts the day was an absolute winner for staff and students alike. The opportunity to take part in a series of highly focused activities aimed at the students was outstanding. I would like to thank everyone who made the day such a success.

As we wait to see what the weather has in store for us we can ponder if the Border Sports day will go ahead. From recent information there is a level of concern regarding the long term forecast and the possible impact for all the schools. We are sure to know what the decision will be in enough time to inform both parents and students so stay tuned to all communication channels. The conundrum is that do we hope for the weather to clear so we can participate on the day or that the heavens open and we get the rain that we all so desperately need. I suppose it is all in the hands of the big guy and all we can do is wait and see the outcome.

This week see's our Year 12 HSC students undertake their Workplacement for Hospitality in Armidale. I am very certain that they will come back with spooky tales of what people do and ask of their service people in the big city. These experiences are all vital in their learning cycle as Hospitality students, they will come back more skilled and competent to work in this area in all locations.

By now all the assessment and reporting cycle has been finalised for the vast majority of our students. The process is now up to a final review of the reports as they reach the copying and assembly phase by the end of the week. This will make them ready for distribution early next week all things going to plan. Our aim is to hand them out to parents and carers next Wednesday as a part of the schools NAIDOC program. I am sure that this will create a level of anxiety for some of the students as they wait for the reports to be completed.

Over the last few weeks I have had to be out of the school attending two very important events. The first was the State Access Management Group meeting in Sydney where all the hub schools came together for a sharing and learning experience. It is good to get an insight into how other Access programs are operating and what innovations they are using to deliver the various programs for their students. It was our turn to organise the program and this was done in an outstanding way by Miss Michele Riddell with a fantastic series of workshops from Staffing, Social Media, Difficult people and difficult conversations, a BOSTES information session, presentations from all the Access programs and an insight into what the future may hold for Access. I am quite sure that we all understand just how critical this program is for all our students who are planning their Stage 6 and Higher School Certificate completions for their futures and wanting to be able to do this from their home towns.

Last week I was at the Secondary Principal’s Council Annual Conference in Sydney. This is a key event for Principals to gather and share their learning and broaden their knowledge of current practice. In the current climate of increasing change and consolidation of new initiatives from previous years, the need to share understanding is critical. The Department of Education is once again a separate entity and there is a major change in the ofing for teacher and principal classification as well as a new award to be
Principal's Message

On Friday 12 June 2015, one of our Year 5 students represented both Mungindi Central School and the Moree Zone at Regional Cross Country Trials in Coolah. Mackenzie has done both the zone and Mungindi Central School proud competing against 60 other Under 10 Year old Girls and she came 18th after a gruelling and cold run. Well done Mackenzie!

Regional Cross Country

On Friday 12 June 2015, one of our Year 5 students represented both Mungindi Central School and the Moree Zone at Regional Cross Country Trials in Coolah. Mackenzie has done both the zone and Mungindi Central School proud competing against 60 other Under 10 Year old Girls and she came 18th after a gruelling and cold run. Well done Mackenzie!

negotiated for the next four year cycle. A new school planning process, school excellence framework and many other critical innovations that will impact of the teaching and learning processes within schools everywhere.

Our Positive Behaviour for Learning process will gather momentum during next term with a series of shared learning and planning activities for staff, parents, students and the PBL team. Our progress will be informed by the data gathered and shared by the PBL support team based in Tamworth when they visit and conduct SET processes.

The end of term reward day will be a sporting themed series of activities form Primary and Secondary students. In order to participate students will need to have been successful in their in class reward structure as well as maintaining a quality uniform, high attendance rate and have been model school citizens.

Next week is the schools NAIDOC celebrations with the support of a number of external agencies who support the town. This year will see the opening ceremony held on the Wednesday as a combined day of activities involving St Joseph’s, Mungindi Community Preschool, other agency groups, Miyay Birray Youth Group and our Youth group. It promises to be a day of sharing and celebration for everyone. There will be a presentation focused on older students, parents and carers to raise the awareness of all participants. Please take the time to join us on this very important day.

There will be more information each week to keep everyone informed. Please let the School Administration Office know if you are happy with the information we are providing on Phone: 02 6753 2207.

All the best.
